### Rental Conditions

Payment Policy Rates are in US Dollars. You can reserve your favorite dates on NSS Pattam without any financial commitment at all. Here is how it works:

You give us your preferred dates, and we will reserve those dates. If you decide to stay with those dates, or you change the dates, you will have 30 days to finalize your plans. As you finalize your plans within the 30 days, a contract will be drawn and reviewed and accepted by you and then a 50% deposit will be due and the contract signed. Then 60 days before the charter starts the final payment must be completed.

If someone else wants to have the same dates you have chosen, within the 30 day period, you will have 2 weeks from that time (Up to the 30 days) to decide whether you want those dates or not. If you decide you do not want the dates, that is the end of that reservation and you have no additional commitments. If you decide you want those dates, then you have those 2 weeks (Up to the 30 days) to finalize the contract and make the down payment for the charter.

Another benefit is that you lock in the charter fee at the time of the reservation, even if you change the dates slightly later on.

In other words, it is a simple process with no hassles, but you can save your preferred dates and still be able to change your mind. In other words you can have your cake and eat it.

What dates would you like to reserve? Cancellation Policy Cannot cancel after contract is signed.
